

**WEST VIRGINIA DOMESTIC VIOLENCE FATALITY REVIEW PROJECT
CONFIDENTIALITY AGREEMENT STATEMENT**

The mission of the West Virginia Domestic Violence Fatality Review Project is to enhance the safety and the well being of West Virginia's citizens by increasing the awareness about domestic violence-related fatalities. The mission is to be achieved by making recommendations arising out of these death reviews, and by increasing coordination and communication between agencies and systems.

The effectiveness of this project is conditioned upon the confidentiality of the data collection, review process, and the information shared. I therefore agree to keep confidential information obtained through the review process and not use any material or information obtained for any reason other than which it was intended. I agree that information will only be released or discussed in aggregate form outside of the committee meetings. No case identifying information material will be taken from a meeting by any person other than whose agency provided the data.

I hereby agree to keep confidential all case-related information discussed at the West Virginia Domestic Violence Fatality Review Team and all related subcommittee meetings.
